

Booth # 100

www.McGillEngineers.com

(sample)

This is your opportunity for additional visibility prior to the annual conference.

- TML will create a QR code for each exhibitor ad. This QR code (when scanned) will take the municipal officials to the TML marketplace ad, where your company contact information and marketplace listing will be found.
Your company website and logo will be included in the exhibitor ad for instant company recognition. (You will need to provide the logo.)
Exhibit booth number is included in the ad to assist the municipal officials in locating you in the exhibit hall during the conference.

Annual Conference Exhibitor Advertising

The ad will run in two (2) issues of the Tennessee Town & City newspaper. The first ad will run in the May 19 issue and the second ad will run in the conference issue, June 8, 2015. You must be an TML annual conference exhibitor and must have a TML marketplace ad in order to participate.
