

“ALEXA, I NEED TO TALK TO A DOCTOR”

“Amazon partnering with Teladoc to launch virtual care program”

As seen in the Tennessean
March 2, 2022

Everywhere.care is the best choice and here's why:

Everywhere.care – Thanks to TML negotiations, for one flat fee of only \$10.99 per mo. Everywhere.care offers unlimited calling for tele-med services and includes up to 7 family members.

Amazon – No monthly fee BUT \$75.00 charge per call for tele-med services.

Everywhere.care – Averages only 19 minutes from the time a call is placed until a patient speaks with a physician.

Amazon – *Says it will try to get a physician on the phone the same day the call is made but it could take up to two days or longer.*

Everywhere.care – Provides face-to-face physician consultations if desired.

Amazon – *Provides only audio consultations.*

Everywhere.care – Is one of best tele-med programs in U.S. says J.D. Power and Associates.

Amazon – *Not ranked.*

WHY Your City Needs **Everywhere.care**

Everywhere.care – Will increase productivity, save money, and reduce employee absenteeism.

Everywhere.care - Employees will not miss work for minor sickness or to care for a family member who is sick.

Everywhere.care – Will reduce overtime pay when others have to fill-in for those who are absent.

Everywhere.care – Is a valuable amenity/benefit for employees, volunteers, seasonal and part time workers that will save their families money from costly physician or healthcare clinic visits.

Everywhere.care – Prevent minor health issues from becoming costly conditions

Everywhere.care – Chronic Heart Disease and Stroke cost Employers \$352 billion last year
