## Contact Tennessee House Delegation to Support Bipartisan Legislation for Direct Local COVID-19 Funding

The majority of America's cities, towns and villages are not eligible for direct relief under the CARES Act, due to the 500,000 population threshold.

The House has offered a proposal to address this specific funding issue by introducing the Coronavirus Community Relief Act (H.R. 6467), a bill to provide \$250 billion in funding to all local governments with fewer than 500,000 residents. We need you to ACT NOW to build momentum.

**Reach out to Tennessee members in the House to ask them to co-sponsor this bipartisan legislation.**
